Re: Board Member Position – Introduction Letter

To Whom It May Concern,

I am interested in the vacant board member position for the Anderson-Cottonwood Irrigation District. Please accept this introduction letter and feel free to contact me with any questions.

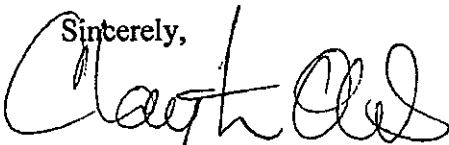

My name is Clayton Olds. I'm 36 years old and I live in Anderson at 4755 Kimberly Farms Drive. I currently live on approximately 5.8 acres and one day hope to purchase 6 acres to the west of my property. I was born and raised in the Palo Cedro area. After attending Shasta College I transferred to Sacramento State where I majored in Construction Management. I then spent the next 14 years working in the Sacramento/Bay area. My wife, two children and I moved back to this area so we could be close to family and enjoy the smaller town environment.

I've been an Estimator/Project Manager for large and small civil construction companies for the past 16 years. I've estimated, managed and completed a large array of projects with price ranges from \$1,500.00 to \$10 million for public and private entities. I specialize in civil construction. Some of the projects I have completed are: Home Depot, Walmart, fish ladders, landslides, road work, wet/dry utilities, horizontal drilling, commercial shopping centers, water storage tanks, mass excavation & grading, pond excavation, creek restoration, demolition and asphalt paving.

In my free time, I enjoy spending time with my family, fishing, camping, hunting and working out.

I would truly appreciate the opportunity to be part of the ACID Board.

Sincerely,

A handwritten signature in black ink, appearing to read 'Clayton Olds', written over the word 'Sincerely,'.

Clayton Olds
