Report to the Board of Supervisors regarding the Shasta County Grant-Funded Drought Relief Program September 6, 2022

In accordance with Shasta County Board of Supervisors Resolution No. 2022-059, the Departments of Resource Management and Public Works are working together to assist citizens with dry residential wells through implementation of the Shasta County Grant-Funded Drought Relief Program. Resource Management applied for and received a Letter of Commitment for a State drought relief grant and is performing grant management and application evaluation tasks. In support of Resource Management's State drought relief grant, Public Works has entered into contracts with consultants and contractors for services.

To date 53 total applications for assistance under the State drought relief grant have been received. Applications and actions taken are as follows:

Total applications	60
Approved applications:	49
Applicants receiving bottled water	37
Applicants receiving hauled water	6
Initial well evaluations ordered	45
Initial well evaluations completed	21

The contractors, consultants, and their services provided are as follows:
