on Homelessness**

LOCAL HOMELESSNESS ACTION PLAN AND APPLICATION TEMPLATE

**HOMELESS HOUSING, ASSISTANCE AND PREVENTION PROGRAM
ROUND 4 (HHAP-4)**

Revised October 21, 2022

Purpose of this Template

The California Interagency Council on Homelessness (Cal ICH) is providing this Local Homelessness Action Plan and Application Template as optional for use by jurisdictions seeking the disbursement of remaining funding under Round 4 of the Homeless Housing, Assistance and Prevention Program (HHAP-4). This Template is intended to support the development and submission of information required for approval by Cal ICH as required in [AB 140 \(Health & Safety Code § 50218.6, et seq.\)](#), collectively referred to as a Local Homelessness Action Plan.

This Template is also intended to support the streamlined presentation of application information to be agendaized at a local governing board meeting and available for public comment as stated in Health and Safety Code Section 50220.8(b)(4). Statute does not require local governing boards to take action on or formally adopt the agendaized content, however, local governments may choose to do so.

■ **PART I: LANDSCAPE ANALYSIS OF NEEDS, DEMOGRAPHICS, AND FUNDING**

This section provides a format for providing the following required information:

- (i) A **local landscape analysis** that assesses the current number of people experiencing homelessness and existing programs and funding which address homelessness.
- (ii) **Identification of the number of individuals and families served**, including demographic information and intervention types provided, and demographic subpopulations that are underserved relative to their proportion of individuals experiencing homelessness.
- (iii) **Identification of funds, currently being used, and budgeted to be used, to provide housing and homelessness-related services** to persons experiencing homelessness or at imminent risk of homelessness, how this funding serves subpopulations, and types of interventions funded.

■ **PART II: OUTCOME GOALS AND STRATEGIES FOR ACHIEVING THOSE GOALS**

This section of the Template provides applicants with a format for providing Outcome Goals, and strategies for achieving those goals, across the following performance measures:

- Reducing the number of persons experiencing homelessness.
- Reducing the number of persons who become newly homeless each year.
- Increasing the number of people exiting homelessness into permanent housing.
- Reducing the length of time persons remain homeless.
- Reducing the number of persons who return to homelessness within two years after exiting homelessness to permanent housing.
- Increasing successful placements from street outreach.
- Trackable data goals related to the Outcome Goals as they apply to underserved populations and populations disproportionately impacted by homelessness.

■ **PART III: APPLICATION NARRATIVE RESPONSES**

This section includes the required narrative responses for the HHAP-4 application. These narrative responses are to provide additional information on regional coordination, capacity building, and equity related efforts in alignment with local action plan goals and strategies.

■ **PART IV: HHAP 4 FUNDING PLAN AND STRATEGIC INTENT NARRATIVE**

This section provides a format for describing the specific allowable activities to be supported with HHAP-4 funds and for describing the strategic intent for investing HHAP-4 resources into those activities and the alignment of those investments with other funding investments.

PART I: LANDSCAPE ANALYSIS OF NEEDS, DEMOGRAPHICS, AND FUNDING

A. Landscape Analysis of Needs and Demographics [50220.8(b)(1)(A)]

Please use **TABLE 1 in the HHAP-4 Data Tables Template** to provide key data regarding people experiencing homelessness in your jurisdiction. An example can be seen below.

The information provided in Table 1 should reflect the most current Point In Time Count data available or your most current and accurate way of estimating the number and demographics of people experiencing homelessness on the day that you are preparing the data, which could rely on utilizing: data from the Homeless Data Integration System (HDIS); point-in-time count (PIT) data; Continuum of Care Housing Inventory Count (HIC) data; longitudinal systems analysis (LSA); HUD's Stella tools; as well as any recently conducted local needs assessments, analyses, or other data sources.

B. Landscape Analysis of People Being Served [50220.8(b)(1)(B)]

Please use **TABLE 2 in the HHAP-4 Data Tables Template** to report the number of individuals and families served. The data provided within Table 2 should represent **your most current and accurate way of estimating the annual number and demographics** of people participating within or being served by the different intervention types, including subpopulations that are underserved relative to their proportion of individuals experiencing homelessness in the jurisdiction. It is important to note that intervention types are not mutually exclusive, and individuals and households may be counted in multiple categories.

Grantees are encouraged to utilize existing documentation, including but not limited to: data from the Homeless Data Integration System (HDIS); point-in-time count (PIT) data; Continuum of Care Housing Inventory Count (HIC) data; longitudinal systems analysis (LSA); HUD's Stella tools; as well as data from the CoC's local HMIS and any recently conducted needs assessments, analyses, or other data sources. An example can be seen below.

Table 2 uses the following abbreviations:

- PSH – Permanent Supportive Housing
- RRH – Rapid Rehousing
- TH – Transitional Housing
- IH / ES – Interim Housing or Emergency Shelter
- DIV – Diversion Services and Assistance
- HP – Homelessness Prevention Services and Assistance
- O/R – Outreach and Engagement Services

C. Landscape Analysis of State, Federal, and Local Funding [50220.8(b)(1)(C)]

Please use TABLE 3 in the HHAP-4 Data Tables Template to identify and document all budgeted funds for homelessness-related services and housing opportunities. Please include state, federal and local funds for current and future fiscal years that are dedicated to homeless specific resources (e.g., CoC, ESG, HHAP). Also please include homelessness dedicated vouchers, including Housing Choice Vouchers (HCVs), Emergency Housing Vouchers (EHVs), Family Unification Program (FUP) or HUD-VA Supportive Housing (HUD-VASH) vouchers. For those fund sources supporting voucher-based programs, indicate your best estimate of the dollar value of those vouchers in your community rather than the number of vouchers. Please include resources related to affordable housing financing dedicated to homeless units, including Homekey, NPLH and any other homeless specific capital resources. Please exclude resources related to funds applied for but not awarded, and vouchers, capital awards, and any other resources not specifically dedicated to people experiencing homelessness in your community.

This information should not focus on funding only being expended directly alongside HHAP funding, but should document the full range of funding being used within your jurisdiction's efforts to prevent and end homelessness while identifying the housing and services programming that is supported with those funds.

The "Total Amount" should include the total funds invested into homelessness interventions from that source of funding in each of the designated fiscal year(s). For the current Fiscal Year only, please also select all intervention types that apply and provide a brief program description, indicating services provided and subpopulations served.

Applicants should add as many rows as necessary to identify and document the full range of funding being used within your jurisdiction's efforts to prevent and end homelessness. An example can be referenced below.

PART II: OUTCOME GOALS AND STRATEGIES FOR ACHIEVING THOSE GOALS

HHAP-4 applicant jurisdictions are required to establish Outcome Goals for the progress that they will make in preventing and reducing homelessness over the three-year period of July 1, 2022 through June 30, 2025, informed by the findings from the local landscape analysis information completed above and the jurisdiction's base system performance measures from the 2021 calendar year data in the Homeless Data Integration System.

Please note that these Outcomes Goals are not intended to be related to HHAP-4-funded activities alone, but rather are intended to represent jurisdictional or system-wide goals for making progress on preventing and ending homelessness through the implementation of the full range of federal, state, and local funding sources and through many other kinds of strategies and activities.

HHAP-4 applicant jurisdictions must set goals for each of the following Outcome Goals:

- Reducing the number of persons experiencing homelessness.
- Reducing the number of persons who become newly homeless each year.
- Increasing the number of people exiting homelessness into permanent housing.
- Reducing the length of time persons remain homeless.
- Reducing the number of persons who return to homelessness within two years after exiting homelessness to permanent housing.
- Increasing successful placements from street outreach.

Further, applicant jurisdictions are required to establish Homeless Management Information System trackable data goals related to each of the Outcome Goals as they apply to underserved populations and populations disproportionately impacted by homelessness.

Cal ICH will provide applicant jurisdictions with baseline data on each of these measures. Grantees, in partnership with Cal ICH, will develop outcome goals established from the baseline data provided. Information on how these outcomes are being measured will be provided with the baseline data. Cal ICH will also provide grantees with quarterly HDIS data in order to monitor progress on outcome goals.

A. Outcome Goals [50220.8(b)(2)(A)]

Please use **TABLE 4 in the HHAP-4 Data Tables Template** to develop outcome goals. An example has been provided below.

Note: For the **Goal Statement** applicants should **only change the information in brackets, do not change any other wording in the goal statement except the information in brackets**. Please use the **Goal Narrative** section to explain key factors that helped determine the Outcome Goals being set, especially if the goals being set are not aligned with the directional intent of the Outcome Goals, e.g., if the goal is to reduce the rate of growth in the number of people who become homeless for the first time rather than the actual number of people who become homeless for the first time.

Table 4: Outcome Goals (EXAMPLE ONLY)

REVISED since HHAP-3

Outcome Goal #2: Reducing the number of persons who become homeless for the first time.			
Goal Statement: By the end of the performance period, HDIS data for the [name of CoC] will show [#] total people become homeless for the first time annually, representing [#] [fewer or more] people and a [%] [reduction or increase] from the baseline.			
Goal Narrative: [explain reasoning for setting this goal, especially if the goals being set are not aligned with the directional intent of the Outcome Goals]			
Baseline Data: Annual Estimate of # of people who become homeless for the first time	Outcome Goals July 1, 2022 - June 30, 2025		
	Change in # of People	Change as % of Baseline	Target Annual Estimate of # of people who become homeless for the time
2,250 people annually* <i>*Actual baseline to be provided by Cal ICH from HDIS; can use local data as placeholder in the meantime</i>	450 fewer people annually	20% reduction	1800 people annually
Describe Your Related Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness			
Describe any underserved and/ or disproportionately impacted population(s) that your community will especially focus on related to this Outcome Goal and how this focus has been informed by data in your landscape assessment:		Describe the trackable data goal(s) related to this Outcome Goal:	
Analysis of local data shows that while Black people represent 10% of the population in our CoC's geographic area, Black people represent approximately 42% of individuals who become homeless for the first time each year and approximately 44% of families with children who become homeless for the first time each year have a Black head of household.		Reduce the number of Black individuals and families with children with Black heads of household who become homeless for the first time annually by 30%, exceeding our overall 20% reduction in the number of people who become homeless for the first time annually.	

B. Strategies for Achieving Outcome Goals

In this section, applicants must describe actionable strategies they will implement to meet the Outcome Goals identified above. Because individual strategies to address homelessness usually contribute to meeting more than one desired outcome, applicants are asked to identify the strategy and then to indicate all the outcome goals for which the strategy will help drive progress and to indicate if it will help drive progress on goals for underserved populations and populations disproportionately impacted by homelessness.

Please use TABLE 5 in the HHAP-4 Data Tables Template to document the strategies that will be implemented. An example has been provided below.

Applicants are expected to identify and describe local strategies that include but extend beyond the current and planned use of HHAP funding to be inclusive of, but not limited to, strategies for:

- Strategic uses of other sources of funding;
- Increasing investments into, or otherwise scaling up, specific interventions or program types;
- Strengthening the quality or performance of housing and/or services programs;
- Improving access to supportive services and/or physical health and behavioral health services;
- Expanding and strengthening cross-system partnerships and/or collaborative planning;
- Improving data quality, data systems, and/or data analyses to better inform decision-making;
- Building the capacity of homelessness response system to utilize resources, implement best practices, and/or achieve outcomes;
- Strengthening systemic efforts and processes, such as coordinated entry and assessment processes, landlord engagement efforts, housing navigation strategies, and other systemic improvements;
- Expanding and strengthening partnerships with people with lived expertise;
- Reaching underserved and historically marginalized communities and populations; and
- Other equity-focused strategies.

In describing these strategies, **applicants are strongly encouraged to use and/or adapt content from:**

- Current local strategic plans or actions plans for preventing and ending homelessness;
- Prior HHAP applications and reporting;
- Recent applications under HUD's Continuum of Care program; and/or
- Other relevant local policy documents or plans.

For each of the Eligible Use Categories intended to be supported with HHAP-4 resources, please briefly describe:

- The activities to be supported with those resources, including the youth set-aside resources;
- How investing HHAP-4 resources into those activities represents a strategic use of HHAP-4 resources and will address needs and gaps within the jurisdiction's homelessness response system; and
- How decisions to invest HHAP-4 resources into those activities was informed by planned uses of other state, local, and/or federal funding sources within the jurisdiction (as documented in the Landscape Analysis within Part I).

NOTE: IF you are funding an Interim Housing activity with HHAP-4 funds (including existing interim housing), you must provide demonstrated need in **Table 7**.

Describe plan to connect residents to permanent housing.	
The Emergency Shelter has partnered with the local NPLH project opening in October 2022 to move participants into permanent supportive housing as quickly as possible. In addition, the County and CoC have jointly funded a landlord engagement program that is building connections and making it easier to utilize a rapid rehousing model by moving emergency shelter residents into permanent housing.	

2. [50220.8(b)(3)(A)] Please describe how the planned investments of HHAP-4 resources and implementation of the activities to be supported will:

- Help drive progress toward achievement of the Outcome Goals and Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness (as identified in Part II above).
