ATTN: SHASTA COUNTY BOARD OF SUPERVISORS
 SEP 21 2017
 CLERK OF THE BOARD

WELL, I GUESS HERE IS MY APPEAL LETTER.

I DID A LITTLE INTERNET RESEARCH ON DAILY HOUSEHOLD WATER USE AND EVERY GOVERNMENT OR OTHER SITE LISTED THE AVERAGE BETWEEN 100 & 125 PLUS PER PERSON. SO, FOR THE PURPOSE OF MATCH MATH I'M GOING BELOW WHAT I SAW ON THOSE. I'LL USE 80 GALLONS AND TIMES THAT BY 4. $80 \times 4 = 320$. SO, $320 \times 30 = 9,600$. WHERE DOES THIS PUT ME ON THE 225 GALLONS PER DAY? I KNOW 6,750. I KNOW, THIS IS ALL ASSUMING 30 DAYS AND NOT 31 AND NOT TAKING IN TO ACCOUNT ANY GOVERNMENT AVERAGES OR THE FACT THAT JULY & AUGUST IS THE HOTTEST MONTHS HERE. NOW, I HAVE 14 FRUIT TREES ON OUR PLACE AND WE DO A YEARLY VEGETABLE GARDEN (NOT POT SO GO AFTER THOSE PEOPLE) NOW, IF YOU USE THOSE GOVERNMENT WEBSITE AVERAGES YOU WILL SEE I'M JUST ABOUT AVERAGE. YOU ARE ASKING ME TO PAY A FINE THAT IS MORE THAN MY BILL IS! IT WOULD SEEM THE SOLUTION IS TO CUT MY TREES DOWN, NO VEGETABLE GARDEN AND GET RID OF THE TREES (KIDS)? I DO HOPE YOU HAVE TO LIVE BY THE SAME EXPECTATIONS! SO, FEEL FREE TO CONTACT US TO ARRANGE A VISIT WITH THE FAMILY & TREES BEFORE I HAVE TO GET RID OF THEM TO CONFORM.
