Appeal usage penalty
also ask for variance
to this ordinance

This being the hottest year on record it was necessary to use more water to water our live stock, small orchard and vegetable garden.

We have 2 donkeys, 2 goats to eat 6 acres for fire control. Because of the fire in our area we had to help maintain our trees that replaced a few that burned.

As a member of the Elk Trail water association we already pay an additional fee to pay for our own system 700.00 a year on our taxes plus our water usage bill.

We were required to annex to Jones Valley system and now we have to pay for their problems.

I realize I may not be
granted a fair variance but
I must protest and hope for
a fair decision.
