Re: 2nd usage penalty for Sept/Oct 2017
recalculate Sept 30 days Oct 31 $61 \times 225 = 13,725$

(we) I am appealing for the following reasons:
do not feel over ^{actual} (13,725) not 17,230

1st usage over (summer months) due to 5 additional
persons temporary total of 7 in household [PAID]

2nd usage penalty appealing —

Unusual summer long temps forced to use
swamp cooler longer - As we are
both home all day due to health issues
unable to conserve - Steps I have taken

to conserve are the following -
Paper plates to run dishwasher less
only flush when necessary

limit laundry - due to health cannot go to town
no longer water outside potted trees or flower

Page 2

I feel we have done everything
to limit what we can

(per
doctor)

I can not limit hot showers due
to health and it is physically
difficult for me to take laundry
to town

Also County came out to check
meter which we have not been
notified of results - spoke with
employee he stated that there may
be a problem w/meter.

Thank You for your consideration
