Form Approved
OMB NO. 0938-0685
Expires: 08/19

WHO SHOULD SUBMIT THIS APPLICATION

Clinics and group practices can apply for enrollment in the Medicare program or make a change in their enrollment information using either:

- The Internet-based Provider Enrollment, Chain and Ownership System (PECOS), or
- The paper enrollment application process (e.g., CMS 855B).

For additional information regarding the Medicare enrollment process, including Internet-based PECOS, go to *http://www.cms.gov/MedicareProviderSupEnroll*.

Clinics and group practices who are enrolled in the Medicare program, but have not submitted the CMS 855B since 2003, are required to submit a Medicare enrollment application (i.e., Internet-based PECOS or the CMS 855B) as an initial application when reporting a change for the first time.

The following suppliers must complete this application to initiate the enrollment process:

- Ambulance Service Supplier
- Ambulatory Surgical Center
- Clinic/Group Practice
- Independent Clinical Laboratory
- Independent Diagnostic Testing Facility (IDTF)
- Intensive Cardiac Rehabilitation Supplier
- Mammography Center
- Mass Immunization (Roster Biller Only)
- Part B Drug Vendor
- Portable X-ray Supplier
- Radiation Therapy Center

If your supplier type is not listed above, contact your designated fee-for-service contractor before you submit this application.

Complete and submit this application if you are an organization/group that plans to bill Medicare and you are:

- A **medical practice or clinic that will bill for Medicare Part B services** (e.g., group practices, clinics, independent laboratories, portable x-ray suppliers).
- A **hospital or other medical practice or clinic** that may bill for Medicare Part A services but will also bill for Medicare Part B practitioner services or provide purchased laboratory tests to other entities that bill Medicare Part B.
- **Currently enrolled with a Medicare fee-for-service contractor but need to enroll in another fee-for-service contractor's jurisdiction** (e.g., you have opened a practice location in a geographic territory serviced by another Medicare fee-for-service contractor).
- **Currently enrolled in Medicare and need to make changes to your enrollment data** (e.g., you have added or changed a practice location). Changes must be reported in accordance with the timeframes established in 42 C.F.R. § 424.516(d). (IDTF changes of information must be reported in accordance with 42 C.F.R. § 410.33.)

BILLING NUMBER INFORMATION

The National Provider Identifier (NPI) is the standard unique health identifier for health care providers and is assigned by the National Plan and Provider Enumeration System (NPPES). **As a Medicare health supplier, you must obtain an NPI prior to enrolling in Medicare or before submitting a change for your existing Medicare enrollment information.** Applying for an NPI is a process separate from Medicare enrollment. As a supplier, it is your responsibility to determine if you have "subparts." A subpart is a component of an organization (supplier) that furnishes healthcare and is not itself a legal entity. If you do have subparts, you must determine if they should obtain their own unique NPIs. Before you complete this enrollment application, you need to make those determinations and obtain NPI(s) accordingly.

Important: For NPI purposes, sole proprietors and sole proprietorships are considered to be "Type 1" providers. Organizations (e.g., corporations, partnerships) are treated as "Type 2" entities. When reporting the NPI of a sole proprietor on this application, therefore, the individual's Type 1 NPI should be reported; for organizations, the Type 2 NPI should be furnished.

To obtain an NPI, you may apply online at *https://NPPES.cms.hhs.gov*. For more information about subparts, visit *www.cms.gov/NationalProvIdentStand* to view the "Medicare Expectations Subparts Paper."

The Medicare Identification Number, often referred to as a Provider Transaction Access Number (PTAN) or Medicare "legacy" number, is a generic term for any number other than the NPI that is used to identify a Medicare supplier.

NEW ENROLLEES AND THOSE WITH A NEW TAX ID NUMBER

If you are:

- Enrolling in the Medicare program for the first time with this Medicare fee-for-service contractor under this tax identification number.
- Already enrolled with a Medicare fee-for-service contractor but are establishing a practice location in another fee-for-service contractor's jurisdiction.

The following actions apply to Medicare suppliers already enrolled in the program:

ENROLLED MEDICARE SUPPLIERS

Reactivation

To reactivate your Medicare billing privileges, submit this enrollment application. In addition, prior to being reactivated, you must be able to submit a valid claim and meet all current requirements for your supplier type before reactivation may occur.

Voluntary Termination

A supplier should voluntarily terminate its Medicare enrollment when it:

- Will no longer be rendering services to Medicare patients, or
- Is planning to cease (or has ceased) operations.

Change of Ownership

If a hospital, ambulatory surgical center, or portable X-ray supplier is undergoing a change of ownership (CHOW) in accordance with the principles outlined in 42 C.F.R. 489.18, the entity must submit a new application for the new ownership.

Change of Information

A change of information should be submitted if you are changing, adding or deleting information under your current tax identification number.

Changes in your existing enrollment data must be reported to the fee-for-service contractor in accordance with 42 C.F.R. § 424.516 (Physician and Non Physician Practitioner Organizations). (IDTF changes of information must comply with the provisions found at 42 C.F.R. § 410.33.)
If you are already enrolled in Medicare and are not receiving Medicare payments via EFT, any change to your enrollment information will require you to submit a CMS-588 form. All future payments will then be made via EFT.

Revalidation

CMS may require you to submit or update your enrollment information. The fee-for-service contractor will notify you when it is time for you to revalidate your enrollment information. Do not submit a revalidation application until you have been contacted by the fee-for-service contractor.

SECTION 4: PRACTICE LOCATION INFORMATION

INSTRUCTIONS

This section captures information about the physical location(s) where you currently provide health care services. If you operate a mobile facility or portable unit, provide the address for the "Base of Operations," as well as vehicle information and the geographic area serviced by these facilities or units.

Only report those practice locations within the jurisdiction of the Medicare fee-for-service contractor to which you will submit this application. If you have practice locations in another Medicare fee-for-service contractor's jurisdiction, complete a separate enrollment application (CMS-855B) for those practice locations and submit it to the Medicare fee-for-service contractor that has jurisdiction over those locations.

Provide the specific street address as recorded by the United States Postal Service. Do not provide a P.O. Box. If you provide services in a hospital and/or other health care facility for which you bill Medicare directly for the services rendered at that facility, provide the name and address of the hospital or facility.

MOBILE FACILITY AND/OR PORTABLE UNIT

A "mobile facility" is generally a mobile home, trailer, or other large vehicle that has been converted, equipped, and licensed to render health care services. These vehicles usually travel to local shopping centers or community centers to see and treat patients inside the vehicle.

A "portable unit" is when the supplier transports medical equipment to a fixed location (e.g., physician's office, nursing home) to render services to the patient.

The most common types of mobile facilities/portable units are mobile IDTFs, portable X-ray suppliers, portable mammography, and mobile clinics. Physicians and non-physician practitioners (e.g., nurse practitioners, physician assistants) who perform services at multiple locations (e.g., house calls, assisted living facilities) are not considered to be mobile facilities/portable units.

SECTION 4: PRACTICE LOCATION INFORMATION *(Continued)*

A. Practice Location Information

If you see patients in more than one practice location, copy and complete Section 4A for each location.

To ensure that CMS establishes the correct association between your Medicare legacy number and your NPI, providers and suppliers must list a Medicare legacy number—NPI combination for each practice location. If you have multiple NPIs associated with both a single legacy number and a single practice location, please list below all NPIs and associated legacy numbers for that practice location.

If you are changing, adding, or deleting information, check the applicable box, furnish the effective date, and complete the appropriate fields in this section.

SECTION 5: OWNERSHIP INTEREST AND/OR MANAGING CONTROL INFORMATION (ORGANIZATIONS)

NOTE: Only report organizations in this section. Individuals must be reported in Section 6.

Complete this section with information about all organizations that have 5 percent or more (direct or indirect) ownership interest of, any partnership interest in, and/or managing control of, the supplier identified in Section 2, as well as information on any adverse legal actions that have been imposed against that organization. For examples of organizations that should be reported here, visit our Web site: *www.cms.hhs.gov/MedicareProviderSupEnroll*. If there is more than one organization that should be reported, copy and complete this section for each.

MANAGING CONTROL (ORGANIZATIONS)

Any organization that exercises operational or managerial control over the supplier, or conducts the day-to-day operations of the supplier, is a managing organization and must be reported. The organization need not have an ownership interest in the supplier in order to qualify as a managing organization. For instance, it could be a management services organization under contract with the supplier to furnish management services for the business.

SPECIAL TYPES OF ORGANIZATIONS

Governmental/Tribal Organizations

If a Federal, State, county, city or other level of government, or an Indian tribe, will be legally and financially responsible for Medicare payments received (including any potential overpayments), the name of that government or Indian tribe should be reported as an owner. The supplier must submit a letter on the letterhead of the responsible government (e.g., government agency) or tribal organization that attests that the government or tribal organization will be legally and financially responsible in the event that there is any outstanding debt owed to CMS. This letter must be signed by an appointed or elected official of the government or tribal organization who has the authority to legally and financially bind the government or tribal organization to the laws, regulations, and program instructions of the Medicare program.

Non-Profit, Charitable and Religious Organizations

Many non-profit organizations are charitable or religious in nature, and are operated and/or managed by a board of trustees or other governing body. The actual name of the board of trustees or other governing body should be reported in this section. While the organization should be listed in Section 5, individual board members should be listed in Section 6. Each non-profit organization should submit a copy of a 501(c)(3) document verifying its non-profit status.

SECTION 5: OWNERSHIP INTEREST AND/OR MANAGING CONTROL INFORMATION (ORGANIZATIONS) *(Continued)*

All organizations that have any of the following must be reported in Section 5:

- 5 percent or more ownership of the supplier,
- Managing control of the supplier, or
- A partnership interest in the supplier, regardless of the percentage of ownership the partner has.

Owning/Managing organizations are generally one of the following types:

- Corporations (including non-profit corporations)
- Partnerships and Limited Partnerships (as indicated above)
- Limited Liability Companies
- Charitable and/or Religious organizations
- Governmental and/or Tribal organizations

2. If YES, report each final adverse legal action, when it occurred, the Federal or State agency or the court/administrative body that imposed the action, and the resolution, if any.

   Attach a copy of the final adverse legal action documentation and resolution.

FINAL ADVERSE LEGAL ACTION	DATE	TAKEN BY	RESOLUTION

SECTION 6: OWNERSHIP INTEREST AND/OR MANAGING CONTROL INFORMATION (INDIVIDUALS)

NOTE: Only Individuals should be reported in Section 6. Organizations must be reported in Section 5. For more information on "direct" and "indirect" owners, go to *www.cms.hhs.gov/MedicareProviderSupEnroll.*

The supplier MUST have at least ONE owner and/or managing employee.

The following individuals must be reported in Section 6A:

- All persons who have a 5 percent or greater direct or indirect ownership interest in the supplier;
- If (and only if) the supplier is a corporation (whether for-profit or non-profit), all officers and directors of the supplier;
- All managing employees of the supplier;
- All individuals with a partnership interest in the supplier, regardless of the percentage of ownership the partner has; and
- Authorized and delegated officials.

Example: A supplier is 100 percent owned by Company C, which itself is 100 percent owned by Individual D. Assume that Company C is reported in Section 5A as an owner of the supplier. Assume further that Individual D, as an indirect owner of the supplier, is reported in Section 6A. Based on this example, the supplier would check the "5 percent or Greater Direct/Indirect Owner" box in Section 6A.

NOTE: All partners within a partnership must be reported on this application. This applies to both "General" and "Limited" partnerships. For instance, if a limited partnership has several limited partners and each of them only has a 1 percent interest in the supplier, each limited partner must be reported on this application, even though each owns less than 5 percent. The 5 percent threshold primarily applies to corporations and other organizations that are not partnerships.

Non-Profit, Charitable or Religious Organizations: If you are a non-profit charitable or religious organization that has no organizational or individual owners (only board members, directors or managers), you should submit with your application a 501(c)(3) document verifying non-profit status.

For purposes of this application, the terms "officer," "director," and "managing employee" are defined as follows:

Officer is any person whose position is listed as being that of an officer in the supplier's "articles of incorporation" or "corporate bylaws," or anyone who is appointed by the board of directors as an officer in accordance with the supplier's corporate bylaws.

Director is a member of the supplier's "board of directors." It does not necessarily include a person who may have the word "director" in his/her job title (e.g., departmental director, director of operations). Moreover, where a supplier has a governing body that does not use the term "board of directors," the members of that governing body will still be considered "directors." Thus, if the supplier has a governing body titled "board of trustees" (as opposed to "board of directors"), the individual trustees are considered "directors" for Medicare enrollment purposes.

Managing Employee means a general manager, business manager, administrator, director, or other individual who exercises operational or managerial control over, or who directly or indirectly conducts, the day-to-day operations of the supplier, either under contract or through some other arrangement, regardless of whether the individual is a W-2 employee of the supplier.

NOTE: If a governmental or tribal organization will be legally and financially responsible for Medicare payments received (per the instructions for Governmental/Tribal Organizations in Section 5), the supplier is only required to report its managing employees in Section 6. Owners, partners, officers, and directors do not need to be reported, except those who are listed as authorized or delegated officials on this application.

Any information on final adverse actions that have been imposed against the individuals reported in this section must be furnished. If there is more than one individual, copy and complete this section for each individual. Owners, Authorized Officials and/or Delegated Officials must complete this section.

SECTION 14: PENALTIES FOR FALSIFYING INFORMATION

This section explains the penalties for deliberately falsifying information in this application to gain or maintain enrollment in the Medicare program.

1. 18 U.S.C. § 1001 authorizes criminal penalties against an individual who, in any matter within the jurisdiction of any department or agency of the United States, knowingly and willfully falsifies, conceals or covers up by any trick, scheme or device a material fact, or makes any false, fictitious or fraudulent statements or representations, or makes any false writing or document knowing the same to contain any false, fictitious or fraudulent statement or entry.

   Individual offenders are subject to fines of up to $250,000 and imprisonment for up to five years. Offenders that are organizations are subject to fines of up to $500,000 (18 U.S.C. § 3571). Section 3571(d) also authorizes fines of up to twice the gross gain derived by the offender if it is greater than the amount specifically authorized by the sentencing statute.

2. Section 1128B(a)(1) of the Social Security Act authorizes criminal penalties against any individual who, "knowingly and willfully," makes or causes to be made any false statement or representation of a material fact in any application for any benefit or payment under a Federal health care program.

   The offender is subject to fines of up to $25,000 and/or imprisonment for up to five years.

3. The Civil False Claims Act, 31 U.S.C. § 3729, imposes civil liability, in part, on any person who:

   a) knowingly presents, or causes to be presented, to an officer or any employee of the United States Government a false or fraudulent claim for payment or approval;

   b) knowingly makes, uses, or causes to be made or used, a false record or statement to get a false or fraudulent claim paid or approved by the Government; or

   c) conspires to defraud the Government by getting a false or fraudulent claim allowed or paid.

   The Act imposes a civil penalty of $5,000 to $10,000 per violation, plus three times the amount of damages sustained by the Government.

SECTION 14: PENALTIES FOR FALSIFYING INFORMATION *(Continued)*

4. Section 1128A(a)(1) of the Social Security Act imposes civil liability, in part, on any person (including an organization, agency or other entity) that knowingly presents or causes to be presented to an officer, employee, or agent of the United States, or of any department or agency thereof, or of any State agency…a claim…that the Secretary determines is for a medical or other item or service that the person knows or should know:

   a) was not provided as claimed; and/or

   b) the claim is false or fraudulent.

   This provision authorizes a civil monetary penalty of up to $10,000 for each item or service, an assessment of up to three times the amount claimed, and exclusion from participation in the Medicare program and State health care programs.

5. 18 U.S.C. 1035 authorizes criminal penalties against individuals in any matter involving a health care benefit program who knowingly and willfully falsifies, conceals or covers up by any trick, scheme, or device a material fact; or makes any materially false, fictitious, or fraudulent statements or representations, or makes or uses any materially false fictitious, or fraudulent statement or entry, in connection with the delivery of or payment for health care benefits, items or services. The individual shall be fined or imprisoned up to 5 years or both.

6. 18 U.S.C. 1347 authorizes criminal penalties against individuals who knowing and willfully execute, or attempt, to executive a scheme or artifice to defraud any health care benefit program, or to obtain, by means of false or fraudulent pretenses, representations, or promises, any of the money or property owned by or under the control of any, health care benefit program in connection with the delivery of or payment for health care benefits, items, or services. Individuals shall be fined or imprisoned up to 10 years or both. If the violation results in serious bodily injury, an individual will be fined or imprisoned up to 20 years, or both. If the violation results in death, the individual shall be fined or imprisoned for any term of years or for life, or both.

7. The government may assert common law claims such as "common law fraud," "money paid by mistake," and "unjust enrichment."

   Remedies include compensatory and punitive damages, restitution, and recovery of the amount of the unjust profit.

SECTION 15: CERTIFICATION STATEMENT

An **AUTHORIZED OFFICIAL** means an appointed official (for example, chief executive officer, chief financial officer, general partner, chairman of the board, or direct owner) to whom the organization has granted the legal authority to enroll it in the Medicare program, to make changes or updates to the organization's status in the Medicare program, and to commit the organization to fully abide by the statutes, regulations, and program instructions of the Medicare program.

A **DELEGATED OFFICIAL** means an individual who is delegated by an authorized official the authority to report changes and updates to the supplier's enrollment record. A delegated official must be an individual with an "ownership or control interest" in (as that term is defined in Section 1124(a)(3) of the Social Security Act), or be a W-2 managing employee of, the supplier.

Delegated officials may not delegate their authority to any other individual. Only an authorized official may delegate the authority to make changes and/or updates to the supplier's Medicare status. Even when delegated officials are reported in this application, an authorized official retains the authority to make any such changes and/or updates by providing his or her printed name, signature, and date of signature as required in Section 15B.

NOTE: Authorized officials and delegated officials must be reported in Section 6, either on this application or on a previous application to this same Medicare fee-for-service contractor. **If this is the first time an authorized and/or delegated official has been reported on the CMS-855B, you must complete Section 6 for that individual.**

By his/her signature(s), an authorized official binds the supplier to all of the requirements listed in the Certification Statement and acknowledges that the supplier may be denied entry to or revoked from the Medicare program if any requirements are not met. All signatures must be original and in ink. Faxed, photocopied, or stamped signatures will not be accepted.

Only an authorized official has the authority to sign (1) the initial enrollment application on behalf of the supplier or (2) the enrollment application that must be submitted as part of the periodic revalidation process. A delegated official does not have this authority.

By signing this application, an authorized official agrees to immediately notify the Medicare fee-for-service contractor if any information furnished on the application is not true, correct, or complete. In addition, an authorized official, by his/her signature, agrees to notify the Medicare fee-for-service contractor of any future changes to the information contained in this form, after the supplier is enrolled in Medicare, in accordance with the timeframes established in 42 C.F.R. 424.516. (IDTF changes of information must be reported in accordance with 42 C.F.R. 410.33.)

The supplier can have as many authorized officials as it wants. If the supplier has more than two authorized officials, it should copy and complete this section as needed.

EACH AUTHORIZED AND DELEGATED OFFICIAL MUST HAVE AND DISCLOSE HIS/HER SOCIAL SECURITY NUMBER.

SECTION 15: CERTIFICATION STATEMENT *(Continued)*

A. Additional Requirements for Medicare Enrollment

These are additional requirements that the supplier must meet and maintain in order to bill the Medicare program. Read these requirements carefully. By signing, the supplier is attesting to having read the requirements and understanding them.

By his/her signature(s), the authorized official(s) named below and the delegated official(s) named in Section 16 agree to adhere to the following requirements stated in this Certification Statement:

1. I authorize the Medicare contractor to verify the information contained herein. I agree to notify the Medicare contractor of any future changes to the information contained in this application in accordance with the timeframes established in 42 C.F.R. § 424.516. I understand that any change in the business structure of this supplier may require the submission of a new application.
2. I have read and understand the Penalties for Falsifying Information, as printed in this application. I understand that any deliberate omission, misrepresentation, or falsification of any information contained in this application or contained in any communication supplying information to Medicare, or any deliberate alteration of any text on this application form, may be punished by criminal, civil, or administrative penalties including, but not limited to, the denial or revocation of Medicare billing privileges, and/or the imposition of fines, civil damages, and/or imprisonment.
3. I agree to abide by the Medicare laws, regulations and program instructions that apply to this supplier. The Medicare laws, regulations, and program instructions are available through the Medicare contractor. I understand that payment of a claim by Medicare is conditioned upon the claim and the underlying transaction complying with such laws, regulations, and program instructions (including, but not limited to, the Federal anti-kickback statute and the Stark law), and on the supplier's compliance with all applicable conditions of participation in Medicare.
4. Neither this supplier, nor any five percent or greater owner, partner, officer, director, managing employee, authorized official, or delegated official thereof is currently sanctioned, suspended, debarred, or excluded by the Medicare or State Health Care Program, e.g., Medicaid program, or any other Federal program, or is otherwise prohibited from supplying services to Medicare or other Federal program beneficiaries.
5. I agree that any existing or future overpayment made to the supplier by the Medicare program may be recouped by Medicare through the withholding of future payments.
6. I will not knowingly present or cause to be presented a false or fraudulent claim for payment by Medicare, and I will not submit claims with deliberate ignorance or reckless disregard of their truth or falsity.
7. I authorize any national accrediting body whose standards are recognized by the Secretary as meeting the Medicare program participation requirements, to release to any authorized representative, employee, or agent of the Centers for Medicare & Medicaid Services (CMS) a copy of my most recent accreditation survey, together with any information related to the survey that CMS may require (including corrective action plans).

ATTACHMENT 2: INDEPENDENT DIAGNOSTIC TESTING FACILITIES

INDEPENDENT DIAGNOSTIC TESTING FACILITY (IDTF) PERFORMANCE STANDARDS

Below is a list of the performance standards that an IDTF must meet in order to obtain or maintain their Medicare billing privileges. These standards, in their entirety, can be found in 42 C.F.R section 410.33(g).

1. Operate its business in compliance with all applicable Federal and State licensure and regulatory requirements for the health and safety of patients.
2. Provides complete and accurate information on its enrollment application. Changes in ownership, changes of location, changes in general supervision, and adverse legal actions must be reported to the Medicare fee-for-service contractor on the Medicare enrollment application within 30 calendar days of the change. All other changes to the enrollment application must be reported within 90 calendar days.
3. Maintain a physical facility on an appropriate site. For the purposes of this standard, a post office box, commercial mail box, hotel or motel is not considered an appropriate site.
   (i) The physical facility, including mobile units, must contain space for equipment appropriate to the services designated on the enrollment application, facilities for hand washing, adequate patient privacy accommodations, and the storage of both business records and current medical records within the office setting of the IDTF, or IDTF home office, not within the actual mobile unit.
   (ii) IDTF suppliers that provide services remotely and do not see beneficiaries at their practice location are exempt from providing hand washing and adequate patient privacy accommodations.
4. Have all applicable diagnostic testing equipment available at the physical site excluding portable diagnostic testing equipment. A catalog of portable diagnostic equipment, including diagnostic testing equipment serial numbers, must be maintained at the physical site. In addition, portable diagnostic testing equipment must be available for inspection within two business days of a CMS inspection request. The IDTF must maintain a current inventory of the diagnostic testing equipment, including serial and registration numbers, provide this information to the designated fee-for-service contractor upon request, and notify the contractor of any changes in equipment within 90 days.
5. Maintain a primary business phone under the name of the designated business. The primary business phone must be located at the designated site of the business, or within the home office of the mobile IDTF units. The telephone number or toll free numbers must be available in a local directory and through directory assistance.
6. Have a comprehensive liability insurance policy of at least $300,000 per location that covers both the place of business and all customers and employees of the IDTF. The policy must be carried by a non-relative owned company. Failure to maintain required insurance at all times will result in revocation of the IDTF's billing privileges retroactive to the date the insurance lapsed. IDTF suppliers are responsible for providing the contact information for the issuing insurance agent and the underwriter. In addition, the IDTF must:
   (i) Ensure that the insurance policy must remain in force at all times and provide coverage of at least $300,000 per incident; and
   (ii) Notify the CMS designated contractor in writing of any policy changes or cancellations.
7. Agree not to directly solicit patients, which include, but is not limited to, a prohibition on telephone, computer, or in-person contacts. The IDTF must accept only those patients referred for diagnostic testing by an attending physician, who is furnishing a consultation or treating a beneficiary for a specific medical problem and who uses the results in the management of the beneficiary's specific medical problem. Nonphysician practitioners may order tests as set forth in §410.32(a)(3).

8. Answer, document, and maintain documentation of a beneficiary's written clinical complaint at the physical site of the IDTF (For mobile IDTFs, this documentation would be stored at their home office.) This includes, but is not limited to, the following:
   (i) The name, address, telephone number, and health insurance claim number of the beneficiary.
   (ii) The date the complaint was received; the name of the person receiving the complaint; and a summary of actions taken to resolve the complaint.
   (iii) If an investigation was not conducted, the name of the person making the decision and the reason for the decision.
9. Openly post these standards for review by patients and the public.
10. Disclose to the government any person having ownership, financial, or control interest or any other legal interest in the supplier at the time of enrollment or within 30 days of a change.
11. Have its testing equipment calibrated and maintained per equipment instructions and in compliance with applicable manufacturers suggested maintenance and calibration standards.
12. Have technical staff on duty with the appropriate credentials to perform tests. The IDTF must be able to produce the applicable Federal or State licenses or certifications of the individuals performing these services.
13. Have proper medical record storage and be able to retrieve medical records upon request from CMS or its fee-for-service contractor within 2 business days.
14. Permit CMS, including its agents, or its designated fee-for-service contractors, to conduct unannounced, on-site inspections to confirm the IDTF's compliance with these standards. The IDTF must be accessible during regular business hours to CMS and beneficiaries and must maintain a visible sign posting the normal business hours of the IDTF.
15. With the exception of hospital-based and mobile IDTFs, a fixed base IDTF does not include the following:
   (i) Sharing a practice location with another Medicare-enrolled individual or organization.
   (ii) Leasing or subleasing its operations or its practice location to another Medicare enrolled individual or organization.
   (iii) Sharing diagnostic testing equipment using in the initial diagnostic test with another Medicare-enrolled individual or organization.
16. Enrolls in Medicare for any diagnostic testing services that it furnishes to a Medicare beneficiary, regardless of whether the service is furnished in a mobile or fixed base location.
17. Bills for all mobile diagnostic services that are furnished to a Medicare beneficiary, unless the mobile diagnostic service is part of a service provided under arrangement as described in section 1861(w)(1) of the Act.

Instructions

If you perform diagnostic tests, other than clinical laboratory or pathology tests, and are required to enroll as an IDTF, you must complete this attachment. CMS requires the information in this attachment to determine whether the enrolling supplier meets all IDTF standards including, but not limited to, those listed on page 40 of this application. Not all suppliers that perform diagnostic tests are required to enroll as an IDTF.

Diagnostic Radiology

Many diagnostic tests are radiological procedures that require the professional services of a radiologist. A radiologist's practice is generally different from those of other physicians because radiologists usually do not bill E&M codes or treat a patient's medical condition on an ongoing basis. A radiologist or group practice of radiologists is not necessarily required to enroll as an IDTF. If enrolling as a diagnostic radiology group practice or clinic and billing for the technical component of diagnostic radiological tests without enrolling as an IDTF (if the entity is a free standing diagnostic facility), it should contact the carrier to determine that it does not need to enroll as an IDTF.

A mobile IDTF that provides X-ray services is not classified as a portable X-ray supplier.

Regulations governing IDTFs can be found at 42 C.F.R. 410.33.

CPT-4 and HCPCS Codes—Report all CPT-4 and HCPCS codes for which this IDTF will bill Medicare. Include the following:

- Provide the CPT-4 or HCPCS codes for which this IDTF intends to bill Medicare,
- The name and type of equipment used to perform the reported procedure, and
- The model number of the reported equipment.

The IDTF should report all Current Procedural Terminology, Version 4 (CPT-4) codes, Healthcare Common Procedural Coding System codes (HCPCS), and types of equipment (including the model number), for which it will perform tests, supervise, interpret, and/or bill. All codes reported must be for diagnostic tests that an IDTF is allowed to perform. Diagnostic tests that are clearly surgical in nature, which must be performed in a hospital or ambulatory surgical center, should not be reported.

Consistent with IDTF supplier standard 6 on page 40 of this application, all IDTFs enrolling in Medicare must have a comprehensive liability insurance policy of at least $300,000 per location, that covers both the place of business and all customers and employees of the IDTF. The policy must be carried by a non-relative owned company. Failure to maintain the required insurance at all times will result in revocation of the Medicare supplier billing number, retroactive to the date the insurance lapsed. Malpractice insurance policies do not demonstrate compliance with this requirement.

All IDTFs must submit a complete copy of the aforementioned liability insurance policy with this application.

C. Interpreting Physician Information

Check here ☐ if this section does not apply because the interpreting physician will bill separate from the IDTF.

All physicians whose interpretations will be billed by this IDTF with the technical component (TC) of the test (i.e., global billing) must be listed in this section. If there are more than three physicians, copy and complete this section as needed. All interpreting physicians must be currently enrolled in the Medicare program.

If you are billing for interpretations as an individual reassigning benefits, the interpreting physician must complete the Reassignment of Benefits Form (CMS 855R). Note: Both the IDTF and individual physician must be enrolled with the fee-for-service contractor where the IDTF is located.

If you are billing for purchased interpretations, all requirements for purchased interpretations must be met.

When a mobile unit of the IDTF performs a technical component of a diagnostic test and the interpretive physician is the same physician who ordered the test, the IDTF cannot bill for the interpretation. Therefore, these interpreting physicians should not be reported since the interpretive physician must submit his/her own claims for these tests.

E. Supervising Physicians

Complete this section with identifying information about the physician(s) who supervise the operation of the IDTF and who provides the personal, direct, or general supervision per 42 C.F.R. 410.32(b)(3). The supervising physician must also attest to his/her supervising responsibilities for the enrolling IDTF.

Information concerning the type of supervision (personal, direct, or general) required for performance of specific IDTF tests can be obtained from your Medicare fee-for-service contractor. All IDTFs must report at least one supervisory physician, and at least one supervising physician must perform the supervision requirements stated in 42 C.F.R. 410.32(b)(3). All supervisory physician(s) must be currently enrolled in Medicare.

The type of supervision being performed by each physician who signs the attestation on page 47 of this application should be listed in this section.

Definitions of the types of supervision are as follows:

- **Personal Supervision** means a physician must be in attendance in the room during the performance of the procedure.
- **Direct Supervision** means the physician must be present in the office suite and immediately available to provide assistance and direction throughout the performance of the procedure. It does not mean that the physician must be present in the room when the procedure is performed.
- **General Supervision** means the procedure is provided under the physician's overall direction and control, but the physician's presence is not required during the performance of the procedure. General supervision also includes the responsibility that the non-physician personnel who perform the tests are qualified and properly trained and that the equipment is operated properly, maintained, calibrated and that necessary supplies are available.

For example, two physicians may be responsible for function 1, a third physician may be responsible for function 2, and a fourth physician may be responsible for function 3. All four supervisory physicians must complete and sign the supervisory physician section of this application. Each physician should only check the function(s) he/she actually performs.

INSTRUCTIONS FOR THE MEDICARE PARTICIPATING PHYSICIAN AND SUPPLIER AGREEMENT (CMS-460)

To sign a participation agreement is to agree to accept assignment for all covered services that you provide to Medicare patients.

WHY PARTICIPATE?

If you bill for physicians' professional services, services and supplies provided incident to physicians' professional services, outpatient physical and occupational therapy services, diagnostic tests, or radiology services, your Medicare fee schedule amounts are 5 percent higher if you participate. Also, providers receive direct and timely reimbursement from Medicare.

Regardless of the Medicare Part B services for which you are billing, participants have "one stop" billing for beneficiaries who have Medigap coverage not connected with their employment and who assign both their Medicare and Medigap payments to participants. After we have made payment, Medicare will send the claim on to the Medigap insurer for payment of all coinsurance and deductible amounts due under the Medigap policy. The Medigap insurer must pay the participant directly.

Currently, the large majority of physicians, practitioners and suppliers are billing under Medicare participation agreements.

WHEN THE DECISION TO PARTICIPATE CAN BE MADE:

- Toward the end of each calendar year, all MAC/carriers have an open enrollment period. The open enrollment period generally is from mid-November through December 31. During this period, providers who are currently enrolled in the Medicare Program can change their current participation status beginning the next calendar year on January 1. This is the only time these providers are given the opportunity to change their participation status. These providers should contact their MAC/carrier to learn where to send the agreement, and get the exact dates for the open enrollment period when the agreement will be accepted.
- New physicians, practitioners, and suppliers can sign the participation agreement and become a Medicare participant at the time of their enrollment into the Medicare Program. The participation agreement will become effective on the date of filing; i.e., the date the participant mails (post-mark date) the agreement to the carrier or delivers it to the carrier.

Contact your MAC/carrier to get the exact dates the participation agreement will be accepted, and to learn where to send the agreement.

WHAT TO DO DURING OPEN ENROLLMENT:

If you choose to be a participant:

- Do nothing if you are currently participating, or
- If you are not currently a Medicare participant, complete the blank agreement (CMS-460) and mail it (or a copy) to each carrier to which you submit Part B claims. (On the form show the name(s) and identification number(s) under which you bill.)

If you decide not to participate:

- Do nothing if you are currently not participating, or
- If you are currently a participant, write to each carrier to which you submit claims, advising of your termination effective the first day of the next calendar year. This written notice must be postmarked prior to the end of the current calendar year.

WHAT TO DO IF YOU'RE A NEW PHYSICIAN, PRACTITIONER OR SUPPLIER:

If you choose to be a participant:

- Complete the blank agreement (CMS-460) and submit it with your Medicare enrollment application to your MAC/carrier.
- If you have already enrolled in the Medicare program, you have 90 days from when you are enrolled to decide if you want to participate. If you decide to participate within this 90-day timeframe, complete the CMS-460 and send to your MAC/carrier.

If you decide not to participate:

- Do nothing. All new physicians, practitioners, and suppliers that are newly enrolled are automatically non-participating. You are not considered to be participating unless you submit the CMS-460 form to your MAC/carrier.

We hope you will decide to be a Medicare participant.

Please call the MAC/carrier in your jurisdiction if you have any questions or need further information on participation.

DO NOT SEND YOUR CMS-460 FORM TO CMS, SEND TO YOUR MAC/CARRIER. IF YOU SEND YOUR FORMS TO CMS, IT WILL DELAY PROCESSING OF YOUR CMS-460 FORMS.
